

**Role:** Pre-contract Manager / Senior Mechanical Estimator

**Location:** Ireland - Nationwide

**Salary:** Competitive

**The Role:**

We are seeking a **Pre-contract Manager / Senior Mechanical Estimator** to join our Process & Water team, working on projects in Ireland and the UK, based at our office in Galway.

**Responsibilities:**

- Responsible for the estimating & bid process for all tenders.
- Managing and supporting the teams on each of your projects.
- Working closely with the commercial team, designers, planners and site teams.
- Supply chain liaison & management through tender and post-tender stage.
- Client interface.
- Attending regular tender / post-tender meetings with clients.
- Taking responsibility for programmes.

**Requirements:**

- It is desirable that applicants have a background of estimating/bid management/MEICA design, as well as working on clean or wastewater projects.
- It is likely that you are currently working as a Pre-contract Manager / Senior Mechanical Estimator (preferably in the water sector) or similar role.
- Excellent technical ability in M&E and a strong background in preconstruction management.
- Level 8 Honours Degree in Mechanical Engineering, Electrical Engineering or equivalent.
- A background of delivering projects to budget and programme.
- Experience of analysing, compiling and managing tender submissions through to submission.
- Proficient in Microsoft Office software.
- Proficient in Microsoft Project and development of construction programmes (P6 also an advantage).
- Water experience preferred (clean water or wastewater).
- Excellent communication skills.
- Experience with estimating software (CCS, ConQuest, Cubit or similar).
- Organised and structured in your approach.
