Small Works Project Manager

The Company

Glan Agua are industry leaders in providing project solutions for the water and wastewater industry including design, construction, commissioning, operation and maintenance. At Glan Agua, we believe that innovation is key when it comes to creating value for our clients and so we continue to lead the way when it comes to providing innovative designs and integrating global technologies.

We are seeking a Project Manager to join our team. This will involve working on minor works.

Role and Responsibilities:

- Management of all aspects of existing maintenance contracts with public and private clients
- Preparing reports for Clients
- Preparing progress and financial reports for senior management
- Completing design and proposals documents for any new requests on Water / Waste Water treatment upgrades
- Liaising with design team when required
- Procurement of spares and upgrade equipment as required
- Site supervision of projects
- Organisation of site trades and sub-contractors.
- Liaising with specialist subcontractors in procurement stage and for site works.
